

Bike Hub Nelson

Bikes for our community!..

Does it cost?..

We don't want cost to be a barrier, so we work on a koha basis for those wanting to make a donation. If required we can also supply a helmet, lights and lock.

Where to find us...

The Bike Hub is in Saxton Field, Stoke near the corner of Saxton and Suffolk Roads. Please check our Facebook page for hours we're open. For a map with the nearest bus stops and the best cycling route, see our website for directions.

Donating bikes...

If you've got a bike in reasonable condition that you no longer want, we'd gratefully receive it. Please contact us to arrange a drop-off or for us to collect it. Please note that bikes not suitable for giving back to the community may be stripped for parts, or checked over and sold to help cover our costs.

About us ...

The Bike Hub is a community facility operating under the umbrella of Nelson Environment Centre with support from Nelson City Council. We fix up donated bikes and help people to do repairs.

We welcome volunteers who want to learn new skills and help fix up bikes – check out our website!
